Category Name Interfaces

Actionee HAIS

Sub Category

Subject Operations Management messages

Description of Problem or Suggestion:

The FOS PDR did not mention or describe any Operations Management messages (besides the CODA messages) sent between EDOS and EOC, or between EOC and other organizational entities. There are several other OM messages, such as status messages, that need to be included in the EOC requirements.

Originator's Recommendation

List and explain the source, destination, purpose, and frequency of all Operations Management messages sent to and from the EOC.

HAIS Schedule 1/13/95

HAIS R. E. D. Dunn

HAIS Response Date 1/23/95

The information presented at the FOS PDR reflected the current understanding of the EDOS/EOC interface based on the EDOS EGS IRD dated February 1994. Meetings began with representatives of the newly assigned EDOS contractor on 1/10/95 to discuss issues related to the EDOS/ECOM/EOC interface. The outcome of these meetings will be reflected in the EDOS ICD, as well as the FOS Detailed Design Specification.

Status Closed

Date Closed 2/1/95
